

OdeSolver

```
graph BT; VanDerPolOscillator --> OdeSolver
```

A diagram illustrating a class hierarchy. At the top is a rectangular box labeled "OdeSolver". Below it is another rectangular box labeled "VanDerPolOscillator". A vertical arrow points from the top edge of the "VanDerPolOscillator" box to the bottom edge of the "OdeSolver" box, indicating that "VanDerPolOscillator" inherits from or is a specialization of "OdeSolver".

VanDerPolOscillator
